

Starting/Cycle Commercial AGM DURACELL®

SMARTPOWER™

2x Durability & Dependability **2x Cycle Life*** **20x Vibration Resistant***

Offer your customers heavy-duty power from a name trusted to deliver the critical dependability needed for commercial truck and equipment use. Duracell Commercial AGM battery technology delivers advanced power solutions to meet the evolving needs of today's commercial vehicles.

Starting/Cycle Service Commercial AGM batteries from Duracell have the power and durability to handle anything from complex on-board electronics and plug in devices to dozens of extra lights. They are also made to deliver the quick, high-powered current that will bring even the toughest engines to life.

Designed for more efficient recharging, Duracell Commercial AGM batteries actually recover faster in the vehicle's charging system than conventional flooded designs to deliver more accessory power longer.

Commercial vehicle or equipment owners shouldn't settle for anything less than this technologically advanced type of trusted battery power.

Now Featuring DuraMAT™ Components

More battery power protection with...

- Superior electrolyte absorption
- No free-flowing electrolyte
- Shock absorbing material
- Optimized power flow

* Compared to conventional designs

Starting/Cycle Commercial AGM Batteries
