

Automotive/LTV AGM

DURACELL®

SMARTPOWER™

2x Durability & Dependability **2x Cycle Life*** **20x Vibration Resistant***

Today's vehicles have more electronic accessories that demand extra power. Duracell Automotive AGM batteries are specially designed to easily handle LCD viewers, GPS systems, high-amp stereos, powered windows or doors, cell and smart phone charging, and anything else that plugs in or turns on.

Designed for more efficient recharging, these batteries actually recover faster in the vehicle's charging system than conventional flooded designs to deliver more accessory power longer. Advanced AGM technology delivers 2x durability, 2x dependability, 20x the resistance to vibration*, and 2x cycle life* with high CopperTop cranking power for cars, LTV, SUV, Minivans, and other passenger vehicles.

These premium batteries are also ideal for tuner cars or off-road vehicles, offering superior power for high-performance equipment and a high-impact design for rugged, back road adventures. Also available are Duracell OE Exact Fit AGM batteries to meet the strict EN standards of hard-to-fit imports.

Meet your customers' need for long-lasting accessory power with Duracell Automotive AGM batteries.

Now Featuring DuraMAT™ Components

More battery power protection with...

- Superior electrolyte absorption
- No free-flowing electrolyte
- Shock absorbing material
- Optimized power flow

* Compared to conventional designs

FOOTNOTES:

– All batteries have SAE automotive posts unless noted

1. Copper cover / Gray case
2. Black cover / Gray case
6. Black cover / Black case
16. Dual terminal universal design
17. Includes handle
18. Includes top adapter
22. Flush manifold vented cover
38. “Non-spillable” defined by DOT (Department of Transportation) definitions
39. “Non-spillable” defined by ICAO (International Civil Aviation Organization) and IATA (International Air Transport Association) definitions
44. Free replacement warranty is 3 months in full electric vehicle use.
45. If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off-highway use, and other non-automotive usage, free warranty replacement period will be 6 months.
46. If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off-highway use, and other non-automotive usage, free warranty replacement period will be 18 months. Free replacement warranty is 12 months in deep-cycle use and 3 months in full electric vehicle use.
- J. JIS Terminal “pencil post”

Not just another battery offering, the Duracell AGM line delivers the best single source of premium AGM battery power solutions for the automotive, import vehicle, marine, power sports, and commercial markets. The variety in the Duracell AGM line has batteries to best service the vehicle and user’s needs by integrating the optimal balance of starting, cycling, and deep cycling performance.

Duracell AGM batteries are part of the SmartPower initiative. Designed for more efficient recharging, these batteries recover faster in the vehicle’s charging system than conventional flooded batteries to deliver more accessory power longer.
